## GET OUT AND VOTE. IN BROAD DAYLIGHT.

Command of Political Leaders Not Universally Obeyed.

### APATHY IN PLACES

Owing to Having No Passes and the Railroad Rates Being Little Reduced Few Employees of Government Voted.

Washington, Nov. 6.—Get out and vote was the command from political leaders throughout the country. Lack of interest was reported throughout many sections. This condition necessitated hard work at the polls and favorable weather in the greater portion of the country was welcomed by all the contending parties. The decided uncertainty as to the result of the balloting was a feature of the closing campaign news from nearly every quarter. This uncertainty was manifested in New York, Pennsylvania, Chicago and other sections by a vigorous continuance of the campaign until midnight Monday night. Messrs. Hughes and Hearst continued the terrific speaking records up to the last minute.

President Roosevelt's last act in the campaign was to telegraph his son-in-law, Representative Longworth, at Cincinnati, that the portions of Secretary Root's Utica speech explained the president's desire for a Republican congress, so that he might not be misunderstood in Ohio.

The president left the white house at midnight for Oyster Bay to vote. Hon. W. J. Bryan, who had been an active campaigner, closed with a speech in behalf of the fusion ticket at Plattsmouth, Neb., Monday.

Speaker Cannon, who averaged two speeches a day during the greater part of the campaign, voted early at Danville, his home.

Vice President Fairbanks, as well as a majority of the members of the cabinet, all of whom have been on the stump, were at their voting residences.

The number of Washington voters who went home to vote was smaller than for a decade. The absence of railroad passes and high voting rate on roads was given as the reason.

Reports from the "solid south" indicated little interest and necessity of stimulating the voters. Missouri and Tennessee presented interesting situations and both parties concluded the campaign with confident predictions of success.

In Montana the Socialist party makes confident claims of increasing their vote of 6,000 last year and both Republicans and Democrats claimed the state.

The earthquake in San Francisco is said to have so restricted the population that old estimates could not be relied on.

Massachusetts kept up the fight warm until the last minute and Boston at midnight was the battle ground between Guild and Moran for governor.

### SOLID FOR HEARST.

In the Manufacturing Centers Labor Supports the Journalist.

New York, Nov. 6.—The following statement was given out at noon Tuesday from Independence League headquarters: "Early reports received from Independence League state committeemen in the great up-state manufacturing centers indicate an enormous early morning vote, believed to be for Hearst. Every report thus far received gives indication that the labor standing is solidly behind Mr. Hearst. In the great manufacturing centers of Buffalo, Rochester, Syracuse, Utica, Albany, Watertown, Ogdensburg and Oswego an enormous labor vote was cast early."

Daring Work Committed by Pair of Robbers.

### BOLDLY ENTER BANK

Two Masked Men Hire Livery Rig and Driving to Another Town Hold Up Official and Return Vehicle.

La Salle, Ill., Nov. 6.—The Farmers and Miners' bank of Ladd, a mining town, was held up and robbed Monday afternoon. The assistant cashier, J. J. Hurley, was alone in the bank when two men entered and asked for some pennies. The next moment, covering Mr. Hurley with revolvers, they ordered him to throw up his hands, and marched him to a back room, where they bound him hand and foot. After taking a quantity of money the men escaped. The amount of their booty is about \$7,000.

Ladd was thrown into a state of excitement by the daring holdup. One of the two masked robbers guarded the street door while the other scooped up the cash. Some reports say that the amount stolen is \$20,000. It was mostly in currency. The robbers had been gone an hour before the robbery was discovered and the imprisoned bank officers released. The robbers hired a livery rig at Peru to drive to Ladd. In about three hours they came back and returned the rig to the liveryman, who, having heard of the holdup, tried to procure the assistance of citizens to surround the robbers in the livery barn, but the robbers drew revolvers and shot at every man who appeared near the stable, and kept up a running fight for an hour, finally escaping in the direction of La Salle after eluding the Peru police.

### SLEEPING CAR FARE.

Texas Railroad Commission Proposes to Bring About Reduction.

Austin, Nov. 6.—The Texas railroad commission proposes to regulate and reduce sleeping car fares, but first proposes to assume jurisdiction over sleeping car service.

It has issued notice of a hearing for Nov. 27 to require railroads to continue their present sleeping car service in Texas, unless authorized to discontinue same by the commission, and add such other service as the commission may direct; also to reduce the present charges 20 per cent, which would make the rate \$1.60, where \$2 is now charged.

### LARGE DEAL MADE.

Property Valued at One Hundred and Sixty-Five Thousand Dollars.

Fort Worth, Nov. 6.—For \$165,000 all the property on the west side of Main street between Fifth and Sixth was sold by the Fort Worth Improvement and Realty company of Vermont to C. A. O'Keefe. It consists of one two-story building 100x100 feet and a three-story one.

### LIMB AMPUTATED.

Negro Girl Shot While She Was Sitting on an Organ Stool.

Paris, Tex., Nov. 6.—While sitting on an organ stool at her home near here Minnie Williams, a negro girl, was shot at through an open window. Her right knee was so badly shattered that the limb had to be amputated. Bud Ford, her stepfather, was placed under \$1,500 bond.

### No Outbreak.

El Paso, Nov. 6.—There has been no outbreak at Fort Bliss, near here, where the Third battalion of the Twenty-fifth infantry is stationed.

## THE ELECTION

Indications at 11 o'clock last night were that the election in New York was closely contested, with Hearst (democrat) defeated by Hughes (republican.) Out of approximately 800,000 votes from the city and the state at large Hughes was leading by fifty thousand votes. Hearst's lead in the city will not be sufficient to overcome the up-state vote.

The assurance of the election of the entire democratic ticket, state, district, county and precinct, was probably the principal cause of the apathy manifested by the voters yesterday. Bryan polled only 201 votes, the courthouse box leading with 111 votes. The vote throughout the county was doubtless proportionately light. At College, where there was some difficulty in securing a presiding officer, we learn only 32 votes were cast.

The only change in county officers is the election of Lamar Bethea county attorney and H. O. Jones district clerk. New commissioners are E. C. Elliott succeeding W. L. Edge, and J. C. Blume succeeding Darby Cahill.

The following embraces points of interest from the returns of the two Bryan boxes: For Governor—Campbell 171; Gray 5; Acheson 17. Congress—Hardy 141; Henderson 10; Mays 5; Atkisson (Rep.) 8. It will be understood that Henderson and Mays were not candidates and their names were not on the ballot. The votes cast for them were at the courthouse box. The name of Atkisson was also not on the ballot. Amendments—For exemption amendment 53, against 27; for jury tax 56, against 34; for legislative pay 41, against 46.

### STOMACH'S IMPORTANCE

How to Strengthen It so That It Will Act as It Should.

The stomach is the principal organ concerned in the digestion of food. If it is weak, inactive or out of order and unable to properly digest the food, the body will soon be in a state of semi-starvation.

Then, too, when the stomach is weak, the food is not properly digested and lies in it for hours, decomposing, fermenting and forming poisonous gases and ptomaines that are absorbed into the blood, poisoning the system and impoverishing the blood.

To enjoy good health, it is absolutely necessary that the stomach and digestive organs should be strong, and no other remedy equals Mi-o-na in strengthening and giving tone to the whole digestive system.

Relief from the use of Mi-o-na is permanent and lasting. Use Mi-o-na for a few days, and the digestion will be good, the appetite keen, and there will be no nausea or distress after eating, no sleeplessness, no nervousness, and the headaches, backaches and disturbed heart action that are the direct result of a weakened stomach will soon be overcome.

Mi-o-na is sold under an absolute guar-

### Elgin Butter Output.

Elgin, Ill., Nov. 6.—Butter output the past week was 662,000 pounds.

### WRIT DISMISSED.

Conviction of Murder Against George Moran Must Stand.

Washington, Nov. 6.—The supreme court of the United States dismissed the writ of habeas corpus case asked for by George Moran of Comanche county, Oklahoma, convicted of murder in 1902, about the time that the county was organized. Moran pleaded irregularities on account of the political conditions existing, and also for other reasons. He alleged that in being compelled to exhibit himself to the jury he had been made a witness against himself, an unconstitutional requirement.

### TEACHER HAS SMALLPOX.

In Consequence Nearly All Pupils Have Left the School.

Shreveport, Nov. 6.—A telegram from Natchitoches states that Miss Winnette Barnes of Blanchard is suffering from smallpox. There are 700 students in the school, but only twenty-nine are left on account of the presence of the disease.

### ETHEL PIERSON WINS.

Department of the Interior Has Overruled Commissioner Bixby.

Muskogee, Nov. 6.—Commissioner Tams Bixby received a telegram from the department of the interior stating that the department had overruled him in the case of Ethel Pierson, and that she was entitled to enrollment. This decision will place 2,500 Choctaw freedmen upon the rolls, each of whom will be entitled to an allotment of sixty acres, worth about \$10 per acre.

### MONEY ONLY HOPE.

Hearst Says This in Letter Urging Watchers to Be Vigilant.

New York, Nov. 6.—A letter signed by Hon. W. R. Hearst calling on the watchers of the polls throughout the state to watch the voting and make the victory certain was issued by Max Ismsnan, manager of the Independence League. It was sent to watchers of Mr. Hearst's interests throughout the state.

Mr. Hearst, in his letter, said that the only hope of the Republicans winning this election lay in the corrupt use of money. The grand masters of the plunderbund never donated anything to a political party they invest.

"You are doubtless," he said, "aware that practically the entire financial burden of our campaign has fallen on the shoulders of one man, who controls no monopoly, who never engaged in a stock-juggling deal or possessed or desired a second privilege from the government. The money spent in our campaign has been for organization purposes, but I find the burden so great that the amount for watchers to prevent our votes from being stolen on election day is comparatively small. We must therefore depend on the patriotism and loyalty of the workers to watch the voting. The opposition poll workers will be supplied with large sums of money on election day, but this money was first extorted from the people by criminal corporations before they gave it to Mr. Hughes. They will recall it to their coffers with added interest in the event of his election, since they will have power to reimburse themselves from your income."

### HUGHES TO WORKMEN.

Stands For Fair Treatment to Every Just Labor Movement.

New York, Nov. 6.—Hon. C. E. Hughes addressed a big meeting of workmen from a platform at West and Bethune streets Monday afternoon. The crowd was a restless one, and those more than fifty feet from the speaker were unable to hear a word. There were frequent cries of "Hearst," coming mostly from small boys.

A few minutes after Mr. Hughes had gone away a Socialist speaker tried to address the crowd. He was greeted with shouts of derision and a shower of newspapers and fruit.

Mr. Hughes, in his speech, reiterated his promise to be the governor of all the people. "I stand for fair treatment of every just labor interest," he said. "We don't want to do a single thing that will affect business prospects. We don't want to do a single thing that will reduce the opportunities of labor, and we do want every just demand of labor recognized and enforced. I cordially approve the statutes that have been passed in the last twelve years in the interest of the wage earner."

At the office of Superintendent of Elections Morgan it was said that but one complaint of illegal registration was received from Tammany this year. The Independence league has not made a single complaint, whereas thousands of individual charges of illegal registration were made by the Municipal Ownership League last fall.

On the other hand, the Republicans have made over 4,000 complaints of illegal registration this year. On investigation over 2,000 proved to be correct, and warrants were issued for that number of persons. These were all sent to the various precincts with the challenges to be served if the persons mentioned in the warrants put in an appearance to vote.

### ENDORSED BY PRESIDENT.

Longworth Informed Speech of Root Meets Executive's Favor.

Cincinnati, Nov. 6.—Secretary Root's speech and his own letter to Congressman Watson were endorsed by President Roosevelt in a telegram received by his son-in-law, Congressman Longworth. The telegram is as follows:

"If anything is desired from me, you print what Root said about my desire for the election of a Republican congress and reprint portions of my letter to Watson."

### CAMPBELL AT AUSTIN.

He Had Many Callers at the Driskill Hotel During Monday.

Austin, Nov. 5.—Colonel Tom Campbell reached here Sunday night at 11:30 and registered at the Driskill. The corridors Monday were packed with friends and office-seekers. The latter were very polite and did not press their claims to a great extent. Colonel Campbell went up to the state-house and while en route a close friend advised him how to make his administration a success.

The colonel and Governor Lanham were together some time. Their greeting was cordial, the governor grasping the outstretched hand of his successor. The Palestine gentleman then visited the several departments.

He said nothing relative to appointments. In the afternoon he departed for Palestine.

Office Assistant Attorney General Pollard has returned from Laredo, where he has been representing the state in the poll tax injunction case. He said that as no denial under oath was made by defendants in the cause, the court's action in overruling the motion to dissolve the injunction ends the case, and the county officials are restrained from voting 2,300 alleged illegal poll tax receipts. Voters, however, who make oath that they paid their poll tax in person and are mentioned on the list were declared eligible to vote.

Mrs. H. M. Cruger, aged seventy-five years, a pioneer of Texas, died Monday at her residence here. Her husband, Captain Cruger, was publisher of the Houston Telegraph back in 1840.

The directors say Mr. Dubose has taken the sum of \$22,115.17, of which \$4,244 is surplus and profits and \$17,873.30 part of capital stock. However, \$30,000 has been secured against the shortage.

### FOUGHT AT MIDNIGHT.

## THE MORNING EAGLE

Entered at the Postoffice as second class mail matter.

BY CARRER & WALLACE.

BRYAN, TEXAS, NOVEMBER 7, 1906

If a hunch don't get a move on the vagrant, give him a pull.

The man who picks his own pocket for foolish expenditures is the man behind the worst of it.

A freight train in New York City left the track and crashed into a saloon. The locomotive was probably getting dry.

The republican spellbinders have denominated Bryan a "Dreamer" and he pleads guilty to the soft impeachment, declaring that the election of United States senators by direct vote of the people, tariff reform, arbitration and trust regulation are some of the democratic dreams which are going to come true.

Writing in the Dallas News, regarding the new city charter, Pauline Priwinkle says "everybody's opinion has been solicited—everybody's but mother's." This will probably jar father and the boys.

The press of the state is beginning to warn the next legislature against the expense and worry of a long drawn out session; likewise against the folly of an avalanche of useless, notoriety-seeking bills. As Senator Tillman would say, this is talking cornfield sense to the boys.

Stanley H. Watson, for three years the hustling and successful industrial agent of the Houston & Texas Central railway, has resigned his position to take effect Jan. 1, and will devote his energies to farming on his plantation at Stone, Texas. Mr. Watson has done a splendid work towards the development of this section of the state, the results of which will be far reaching. Mr. Watson is a man of energy, brains and scientific training and the last has not been heard of him.

### MR. J. H. SUBER DEAD.

Passing of One of the Most Useful and Foremost Citizens of Brazos County.

Mr. J. H. Suber died at his home near College Station, yesterday morning at 7:55 o'clock, after an illness of about three weeks which took its serious turn some ten days ago. He improved since that time, but relapsed on Sunday and thereafter his life hung by a thread until the hour of dissolution. Every effort was made to relieve his sufferings and prolong his useful life, but to no avail, and the family and friends are bowed by a weight of sorrow which will be keenly felt wherever he was known.

Mr. Suber was born in Newbury, S. C., Oct. 21, 1853, and resided there until he was 25 years old, having in the meantime married Miss Leila H. Richards of that place Dec. 18, 1873. He moved with his family to Texas in February, 1878, and located near the A. and M. College where he resided the remainder of his life. He leaves a wife and ten children, the later being Eugene H. Suber, Misses Lizzie, Leila and Corrie Suber, J. H. Suber Jr., John, Miss Bertie, Ross, Tommie and Milton Suber. He also leaves two sisters, Mrs. W. A. Hill of South Carolina, and Mrs. C. P. Dickert of Florida.

Mr. Suber was among the most useful and influential citizens of the county. He was possessed of remarkable energy and firmness of character, and was successful in all his business enterprises. He acquired large holdings of valuable lands, and was eminently successful as a farmer and stock raiser. He built for himself and family a handsome home, and provided liberally all the comforts of life and for the education of his children. He took an active interest in public affairs, was public spirited and shirked no responsibility of citizenship. He was a member of the Baptist church and of the Bryan lodge of the Ancient Order of United Workmen. He was also a member of the board of directors of the Texas Woman's College, and took an active interest in the affairs of the institution, contributing no small part to the success which it has attained. Mr. Suber passed away in the prime of life and usefulness, being only 53 years and 16 days old, and his death is a distinct and irreparable loss to Brazos county and the state. Honorable, upright, courageous, intelligent

and industrious, he served well his day and generation.

The funeral service, conducted by Dr. Geo. B. Butler, will be held this morning at 10 o'clock, at the family residence near College, after which the remains will be brought to Bryan and laid to rest in the city cemetery.

### INDIANS NOT DYING OUT.

A popular impression prevails that the Indians are dying out. Those who have given the subject study believe there are more Indians today in the United States than there were when Columbus landed.

The Indians were never populous. They were too much at war. They roamed the prairies and hunted through the forests, but they never had local habitations and were never many in one spot. The first actual census of the Indians was taken seventy years ago. At that time there were found to be 253,464. Prior to that time everything had been by guess.

Beginning with the count of 1830 the official reports of Indian population are as follows: In 1860, at the beginning of the civil war, there were 254,200. Twenty years later, in 1880, there were 256,127. In 1900 there were 272,023. Today, by count of the Indian agents on the reservations of the country, there are 284,000 Indians.

The Indians are not dying out, and there is no reason why they should. The government has pursued a policy, mistaken in many respects, but yet calculated to give the Indian a chance in the race of civilized life, and the Indian is showing considerable aptitude. The Indians of the new State of Oklahoma are intelligent and wealthy, and they will be heard from in national affairs.—Mobile Register.

SUSPENDED BY MAYOR.

Assignment of Police Causes Disagreement Between Executive and Chief.  
Memphis, Nov. 6.—Mayor Malone Tuesday suspended Chief of Police Ohaver for insubordination. Under the city charter the mayor has the right to assign police where he may deem fit, provided that in his judgment serious trouble is feared. There has been much bitterness between local factions in the campaign for the state legislative ticket. Mayor Malone made a re-assignment for the police force. Vice Mayor Walsh and Chief Ohaver instructed the men to remain where they had been first assigned. The mayor thereupon suspended the chief and temporarily appointed Police Sergeant Hays to act as chief of police.

Mayor Malone later drove to every polling booth in the city and questioned patrolmen, asking each one whether he was loyal to the mayor or not. It was understood that he suspended fifty policemen who declared that would obey the orders of Ohaver, the deposed chief.  
Reports sent out that a critical state of affairs exist here are unwarranted by facts. Not the slightest trace of disorder was reported up to noon and voters cast their ballots without interference. It is generally believed that the courts will be called upon to settle the disputed right of Mayor Malone to suspend members of the police department.

The young men will build a new up-to-date rink, 60x110, with maple floor, and if workmen can be secured, expect to open the rink by Dec. 16.

## Rest the Stomach

Nothing will relieve indigestion that doesn't digest the food, itself, and give the stomach a perfect rest.

You can't reasonably expect that any weak stomach will regain its strength and get well when it is compelled to do the full work that a sound stomach should do.

You wouldn't expect a sick horse to get well when it is compelled to do a full day's work every day of the week. Your stomach must have rest.

But it isn't necessary to starve yourself in order to rest your stomach.

Kodol Dyspepsia Cure is a perfect digestant. It will digest all of the food you eat regardless of the condition of your stomach.

### WEATHER IDEAL.

In Consequence Tremendous Vote  
Polled In New York State.

New York, Nov. 6.—Exceptionally favorable weather conditions, coupled with the unprecedented campaign for gubernatorial honors on the part of Messrs. Hearst and Hughes, brought out a tremendous vote in Greater New York. Ballots were handed in with a rush from the very opening of the polls and many precincts made early voting records. In one election precinct in the Bronx 132 ballots were deposited in the first ninety minutes of voting. The serving of the thousands of warrants sworn out by Superintendent of Elections Morgan began early and there was a steady stream of prisoners from polling places to police courts. In nearly every case, however, in the first three hours, the accused parties proved their right to vote and were permitted to deposit their ballots.

John D. Rockefeller was among the early voters. He reached his polling place in Sixth avenue at 8:20 o'clock and deposited his ballot two minutes later.

"What do you think of the election?" he was asked as he was leaving the polling place.

"I hope for the best," replied Mr. Rockefeller, as he stepped into his automobile and was whirled away.

Charles E. Hughes voted shortly before 8 o'clock in the Amsterdam Avenue barber shop precinct. In this district there are about 600 voters. For the first hour there were seventy-five votes polled.

Sixty arrests on charges of illegal voting and registering and offering and accepting money for votes were reported to Superintendent Morgan during the first two hours of the voting. This is the greatest number of arrests in that period of time reported since the election bureau was established.

Among the early morning arrests was former Police Captain Diamond. He voted from his home in East Eighteenth street. When the Morgan men went to verify the address they found the house boarded up. The arrest was made on the allegation that Diamond had lived all summer in Putnam county, this state.

W. R. Hearst sent the following telegram early in the day to the state committee at the Independence League:

"We will have at least 200,000 plurality in Greater New York. I feel that our chances up the state are very bright, thanks to the efforts of our friends." There is only one possible danger and that is that an attempt may be made to count us out up the state, as they counted us out in this city last fall. I urge you to take extraordinary precautions to prevent repeating and particularly of miscounting. I thank you for your aid in this campaign and I congratulate you on the victory that I firmly believe we will achieve."

Dispatches from cities and towns up the state show that a large vote was being polled. Everywhere the weather was favorable and country roads in fine condition. In all industrial centers the early morning vote was unusually heavy.

As the afternoon wore on balloting throughout the city continued with unabated strength. This was particularly noticeable in the so-called "silk stocking" neighborhood.

In the Thirteenth election district of the Twenty-ninth assembly district 201 out of a total registration of 547 votes were polled up to 9 o'clock. Reports from the fifteen districts in the Sixteenth, Eighteenth, Twentieth, Twenty-first and Twenty-second assembly districts, covering Park, Madison, Fifth and Lexington avenues to the east and south of Central park, showed about one-third of the total vote had been cast before 9 o'clock.

A general canvass of the Twelfth district, Charles F. Murphy's district, showed nearly one-half the total registration had been cast before 9 o'clock.

For Lieutenant governor Mashpee gave Draper, Republican, fifty-two; Brown, Democrat, nothing. The vote for congress was, Lovering, Republican, fifty-two; Loreen, Democrat, nothing.

Dallas, Nov. 6.—The Texas company, capital of \$14,000,000, will, according to a reliable authority, make this city its principal distributing point for its projected pipe line from Tulsa, I. ### FRIGHTFUL FATE.

**Patrick Dolan Smothered to Death in a Pit of Grain.**

New York, Nov. 6.—Patrick Dolan, an employe of the William Baird Grain company of Brooklyn, fell into a pit containing 3,000 bushels of grain. The little kernels, rolling against one another like myriad cogs of a great machine, gripped his feet, his ankles, his legs, his knees, crowding each other like honey-cells, held him fast and drew him down with a power that was irresistible. Dolan plunged this way and that, and it every step he was gripped more firmly. He called for help and Petro Amazio, a fellow worker, went to his assistance. He threw a rope to Dolan which the latter seized so desperately that he drew Amazio into the pit. Other workmen, who had been to lunch, now heard the outcries but both men had disappeared when they reached the scene. A rush was made for the chutes through which the grain is unloaded, and unfastening the covers, the men let the wheat run into the street. Soon Amazio's body shot down the chute and Dolan's followed. The latter was dead, having been smothered, but Amazio was still alive and will recover.

### DREADFUL DILEMMA.

**Nearly Starved, Daughter With Mother's Body Three Days.**

New York, Nov. 6.—Mrs. Mary Donnegan, nearly starved, helpless and enduring agony from rheumatism, was found in her rooms, where her aged mother's dead body had lain for three days. Mrs. Donnegan and her mother, Mrs. Catherine Ryan, aged eighty-four, lived alone in apartments in Brooklyn. Mrs. Ryan had long been an invalid and her daughter, a chronic sufferer from rheumatism, ministered to her as best she could. An attack Friday crippled Mrs. Donnegan so that she could not move and while she was in this condition her mother died.

Mrs. Donnegan cried for help, but no one in the sparsely tenanted house heard her. So she lay, helpless with her dead until Tuesday. She managed to reach a window and summoned help. Mrs. Donnegan was removed to a hospital. She is in a critical condition.

### "SLIVERS" SLAIN.

**Alleged Attention to Another Man's Wife Causes Duel.**

Reno, Nev., Nov. 6.—In a pistol duel at the Palace saloon, Ed Ferrell, a gambler, familiarly known as "Slivers," was killed by Charles Kuchs, a bartender.

Kuchs' jealousy over the attentions which Ferrell is alleged to have been paying his wife led up to the tragedy. Kuchs is said to have been looking for Ferrell all day. Ferrell was warned and both were prepared as they met in the saloon. Firing began immediately and Ferrell staggered out of the door pierced through the body with two bullets and died a few moments later in a hospital. Kuchs received three wounds, none of which are serious. He is under arrest. Three bystanders were slightly wounded.
